WHAT TO EXPECT...IMPACTS OF MEDICAL/RECREATIONAL MARIJUANA

Ed Shemelya has been the National Coordinator for the National Marijuana Initiative (NMI) past six years. The NMI strives to dispel misconceptions about marijuana and raise awareness of issues surrounding the drug, so that citizens and policymakers can make well-informed choices regarding marijuana use and regulations.

At its core, the NMI exists to support the 33 HIDTAs as they work to carry out the National Drug Control Strategy. The NMI does this by providing information to law enforcement, policymaker, prevention coalitions, and other community groups concerning marijuana and the impacts of changing policies on marijuana. Ultimately, the NMI works to assist people in making informed choices about marijuana by providing them with valid information.

Ed Shemelya is a 30-year veteran of the Kentucky State Police. Prior to his current assignment, he served as the Eastern Region Marijuana Coordinator for the Appalachia HIDTA, and was responsible for the oversight of marijuana cultivation activities within the four state Appalachia HIDTA region. In 2003, he was appointed Commander of the Kentucky Governor’s Marijuana Strike Force and the Kentucky Eradication Initiative, within the AHIDTA.

This multi-agency task force comprised of Federal, State and Local agencies is tasked with fighting Kentucky’s outdoor and indoor marijuana problem. During his six years as commander the Kentucky Eradication Task Force was recognized as the most outstanding eradication Task Force in the nation for four consecutive years by the Office of National Drug Control Policy.

PURSuing ELITE

Clint Bruce
US Navy SEAL (ret.)
Founder/President
Trident Response Group

This presentation is being provided by Clint Bruce a highly decorated athlete and member of the elite SEAL Teams. In this presentation Clint uses powerful stories and lessons learned to explain how in any endeavor you can only have one of five outcomes: bad, average, good, excellent, and elite. If the endeavor is your passion or profession, the only acceptable result is somewhere between excellent and elite. This presentation will provide insight into the following topics:

- The difference between "excellent" and "elite"
- That gifting and talent can get you to "excellent" but not "elite".
- The psychology and best practices of elite achievers that consistently take them beyond excellence.
- How to use these techniques to become an elite achiever in all aspects of your life.

The 5 Pursuit Points:

- **Balance** - Having high ground for hard days.
- **Curiosity** - Finding out, so you are not found out.
- **Tribalism** - Knowing you need something more than you, to do things bigger than you.
- **Intentionalism** - Always remembering to never forget why you started the hard journey.
- **Authenticity** - We all have scars. The bravest share them.

Clint is the founder and president of Trident Response Group, an elite risk management firm headquartered in Dallas, Texas.

Trident was founded in the aftermath of Hurricane Katrina, upon completion of a successful rescue operation in support of the Fairmont Hotel.

A Dallas native and graduate of the United States Naval Academy, Clint was a four year starter on the football team, Captain and MVP of the 1996 Aloha Bowl Team, and was recently inducted into the Navy-Marine Corps All-Stadium Team. Mr. Bruce served in the elite Navy SEAL Teams for more than 7 years in multiple leadership positions prior to and during the Global War on Terror - Operating in both the Pacific and Middle East theaters.

Clint is sought after as a speaker and thought-leader on Leadership, Counter-Terrorism, and Economic Risks in the Global War on Terror age.

Tuesday, February 11th | Africa Breakout 50

6:45am - 7:45am

Please join us for our 7th Annual Non-Denominational Prayer Breakfast to hear an inspiring message from USAF SpecOps Ranger (ret.) John Lovell.

John is a war veteran and a former member of Special Operations, having served in the 2nd Ranger Battalion with numerous combat tours to both Iraq and Afghanistan. His overseas experience also includes having served as a Christian missionary to Central America.

John is also the founder of the Warrior Poet Society (www.warriorpoetsociety.us) a special community of like-minded individuals that answers the call for a more elite protector. This call is for those who understand the high stakes of violence and who are willing to commit their minds and bodies to the task of defense so that they may prevail and others may live. Warrior Poets are those who train and fight for higher purpose. They are members of a rare fraternity of warriors who fight with intellect, conviction, and great skill. Motivated by a love for others, Warrior Poets become students of the art of war so that they may triumph when the enemy calls, which will make our communities and our world a safer place.

WI STATE PATROL UPDATES & RESOURCES

Anthony Burrell
Superintendent
Wisconsin State Patrol

This presentation being provided by Supt. Anthony Burrell of the Wisconsin State Patrol (WSP) will provide an overview of the resources and capabilities available to our public safety partners in response to public safety challenges, incidents and events that may be encountered.

Anthony Burrell was appointed by Governor Tony Evers as the Superintendent of the WSP effective January 20, 2019. Burrell began his career as a trooper in St. Croix Co. in 1990. He was promoted to sergeant in 2006, lieutenant in 2012, and named captain of the State Patrol's 11-county Northeast Region in 2015.

Following the tragic shooting death of Trooper Trevor Casper by an armed suspect on March 24, 2015, Burrell was awarded the Medal of Valor - the State Patrol's highest decoration for bravery. In 2016, Burrell was promoted to major and deputy director of the State Patrol's Bureau of Field Operations.

Formerly president of the National Black State Troopers Coalition, Burrell has a bachelor's degree in Finance and a minor in Management from Upper Iowa University. He is also a graduate of the Northwestern University Center for Public Safety.

WI LAW ENFORCEMENT DEATH RESPONSE (LEDR) TEAM UPDATES & INFORMATION

Chief Todd Thomas
Coordinator
WI LEDR Team

This presentation is being provided by Chief Todd Thomas coordinator of the WI Law Enforcement Death Response (LEDR) Team to provide important updates. WI LEDR was established in 1999 to assist agencies suffering from any kind of police death, whether in the line of duty, suicide, or off-duty. Dealing with these deaths in the close-knit police community goes far beyond extending sympathies and helping to arrange a funeral service.

Prior to becoming the Chief of Police at the Appleton Police Dept. in 2015, Todd served as Captain of the Investigations Division of the Green Bay Police Dept. He also served as a Unified Tactical Instructor for 10 years at several technical colleges.

Chief Thomas has been the coordinator of the WI LEDR Team since January of 2015 and has unfortunately had to assist agencies across the state with 27 Line of Duty Deaths or Suicides.

Todd earned a Bachelor of Arts from Concordia University in Criminal Justice. Additionally, he is a graduate of the 225th Session of the FBI National Academy and the Executive Development Institute. He has been awarded Green Bay Police Department's Officer of the Year, three Distinguished Service Medals with Valor, and a Governor's commendation for his volunteer work with the Special Olympics.

THE WI DEPT. OF TRANSPORTATION'S TRAFFIC MANAGEMENT CENTER (TMC) & TRAFFIC INCIDENT MANAGEMENT ENHANCEMENT (TIME) PROGRAMS

Lt. Nate Clarke
WI State Patrol TMC
Executive Officer

David Spakowicz
WI DOT TIME
Program Manager

This presentation is being provided David Spakowicz and Lt. Nate Clarke. Lt. Clarke will explain how the WI Dept. of Transportation's Traffic Management Center (TMC) can assist your agency in the mitigation of not only traffic incidents, but with other types of incidents as well. The Wisconsin State Patrol (WSP) has staff on duty that is responsible to assist your agency with any number of assets you may need. From additional troopers to a K-9, from air assets to the Technical Reconstruction Unit (TRU). It can all be coordinated through the TMC. The TMC monitors the 450+ traffic cameras, the 165 Dynamic Message Boards and the 160+ Portable Changeable Message Boards currently in operation throughout the state. All of which are available to assist your agency in the mitigation or support of an incident. The TMC is also currently dispatching WSP staff for three of its five regional offices throughout the state.

Lt. Nate Clarke currently serves as the Executive Officer for the TMC of the WSP. In 1996, he graduated from the WSP Academy and begin his career with the WSP, serving for 9 years as an Interstate Trooper in Racine Co. In 2005, Lt. Clarke accepted a promotion to the rank of Sgt. in Waukesha Co. He later served 4 years at the WIHIDTA, supervising the Interdiction Initiative, before being promoted to the rank of Lt. in November of 2015.

David Spakowicz will explain the Traffic Incident Management Enhancement (TIME) program which is a training-based program designed to improve the safety of not only law enforcement officers throughout the state, but the safety of all responders that work in or around live traffic. Since 2016, this program has been part of the 720-hours of required training detailed within Wisconsin's Law Enforcement Preparatory Training Curriculum. Through the application of simple TIM principles, your officers will enhance their safety when involved in the mitigation of a traffic incident.

David has 31 years of law enforcement experience in WI. In October of 2013, Dave became the TIME Program Manager for the WI DOT. As program manager, Dave is responsible for coordinating the formal training in traffic incident management for all incident responder disciplines throughout the state. Dave also moderates formal After-Action Reviews of significant traffic incidents. Dave completed the Federal Highway Administration's Traffic Incident Management "Train-the-Trainer" course at the National Fire Academy in Emmitsburg, MD and has instructed numerous TIM responder courses throughout Wisconsin.

WI ATTORNEY GENERAL UPDATES & INFORMATION

Josh Kaul was sworn in as Wisconsin’s 45th Attorney General on January 7, 2019. Josh’s top priority is public safety. Under his leadership, the Wisconsin Department of Justice has worked to combat the opioid epidemic and the increasing use of meth in Wisconsin, to make our schools and communities safer from gun violence, and to pass legislation designed to prevent Wisconsin from having another backlog of untested sexual assault kits. Josh is also committed to fighting for clean and safe drinking water and against climate change and to protecting the rights of Wisconsinites.

Josh served as a federal prosecutor in Baltimore, where he prosecuted murderers, gang members, and drug traffickers. After moving back home to Wisconsin, he worked to protect our right to vote, going to court to challenge restrictions on voting.

Josh grew up in Oshkosh and Fond du Lac. He went to college at Yale, majoring in history and economics and graduating with honors. He then attended Stanford Law School, where he served as President of the Stanford Law Review.

Thor Eells is a retired Commander from the Colorado Springs Police Department. He has more than 30 years of experience in all facets of policing to include patrol, investigations, special operations, training, and professional standards. Thor served the majority of his career in tactical operations. He has extensive experience in command operations and oversaw the successful law enforcement response and resolution of both natural and man-made emergency situations. Before retiring from the Colorado Springs Police Department, Thor was instrumental in leading a multi-discipline group that developed the department’s Community Response Team to address persons experiencing a mental illness crisis.

In addition to his practical experience, Thor has extensive teaching experience having taught a wide variety of law enforcement classes for the NTOA. Thor has a long history with the NTOA to include representing the NTOA in the Department of Homeland Security's efforts to develop SWAT capabilities and testing as well as being one of the core committee members in developing the NTOA's National SWAT Standards. Thor was previously Chairman of the Board of Directors and a board member for seven years. He has also been recognized as an expert witness in federal courts.

Thor holds a Master’s Degree in criminal justice from the University of Colorado and is a graduate of the FBI National Academy as well as The Center for Creative Leadership. Thor is the Executive Director of the National Tactical Officers Association.

2020 WPLF MID-WINTER TRAINING CONFERENCE

RECOGNIZING THOSE WHO GO ABOVE & BEYOND TO SUPPORT US!

ASSOCIATION PARTNERS

To help enhance critical incident preparedness and management efforts of Wisconsin law enforcement agencies, the WCPA has partnered with **Critical Response Group** providers of Collaborative Response Graphics® (CRGs®). When an emergency occurs at a facility, hundreds of public safety professionals may respond, the majority of which will have little familiarity with the site. Almost two decades of After-Action Reports in the post-Columbine era point out that unfamiliarity with locations and an inability to communicate locations inhibited response times, closing on active assailants and evacuating casualties. CRGs® are designed to be simple maps - useable under stress - by anyone involved in an incident, from security personnel and facility administrators to dispatchers, responding officers and incident command, to communicate locations both outside and inside a facility!

To learn more about CRGs® please visit www.crgplans.com.

SITUATIONAL AWARENESS FOR DISPATCHERS: Dispatchers are under time pressure to question 911 callers to ascertain what is wrong, where they are, who they are and who is in danger in order to dispatch the right resources.

911eye live footage offers instant 'on scene eyes' to the dispatchers; providing immediate INSIGHT which helps them to assess the scenario and, with caller's location visible, to better select the appropriate RESPONSE to the incident - either as a 'real-time', immediate response or for a 'slow-time', non-emergency follow up - while at all times considering the SAFETY of responders and the public.

To learn more, please visit: <https://www.911eye.net>.

The **Police & Sheriffs Press, Inc. (PASP ID)** provides secure Hologview credentials for over 5,000 government agencies worldwide! **PSAP ID's** Hologview® card is one of the most secure ID card platforms in the world today because they feature numerous overt and covert embedded security features such as: embedded holograms, demetalized imaging, nano-text, black light core stock and multiple other security features which their cards highly resistant to counterfeiting.

To learn more about how **PSAP ID** can meet your agency's secure and other credentialing needs: please visit <https://pasp365.com>, email frank@pasp365.com or call 800-707-3080.

Since 2001, **Stanard & Associates (S&A)** and the WCPA have partnered to provide off-the-shelf exams to help Wisconsin law enforcement agencies improve their selection processes. Available exams include: National Police Officer Selection Test, National Dispatcher Selection Test, National Detective/Investigator Test and National First & Second Line Supervisor Tests (for promotional processes).

S&A also offers online employment application management services (<https://www.applytoserve.com>) as well as psychological evaluation services conducted by licensed police psychologists. To learn more about how S&A contact help you with your agency's testing needs, please email sales@stanard.com or call 800-367-6919.

ProTraining

MENTAL HEALTH AWARENESS

Created by *ProTraining*, Scenario Based Mental Health and De-escalation Training is an course designed to help officers with skills in the areas of expressed empathy, effective verbal and non-verbal communication, and de-escalation in order to improve the quality and safety of interactions with individuals who have, or may have, mental health issues. Using interactive scenarios and 'lived experiences', this course engages learners at critical decision points to demonstrate how responses and behaviors can defuse an interaction, improve a subject's cooperation and decrease the need for force.

Due to the value that this type of training provides law enforcement agencies with; the WCPA has entered into a partnership with *ProTraining* and encourages our Members to please visit www.wichiefs.protraining.com to watch a FREE ONLINE TRAINING DEMONSTRATION and consider selecting the "Train Your Staff" to sign up, purchase courses and experience their unique training.

LEXIPOL

Lexipol is America's leading provider of policy management resources for law enforcement organizations.

Lexipol provides comprehensive, continuously updated policies and related training for law enforcement agencies in Wisconsin. With more than 2,000 years of combined public safety experience, the staff at *LexiPol* creates policy solutions that help public safety leaders reduce risk and keep their personnel safe by improving policy access, understanding and compliance.

Lexipol's law enforcement policies, updates and training are delivered via an online platform and mobile app which provides personnel with: policies that provide consistent/clear direction, scenario-based training that helps for policies to be learned and applied, reports to enhance accountability/ compliance, access to policies and training anytime/ anywhere and much more.

Guide for Law Enforcement Assistance

The Spectrum logo is displayed in white text on a dark blue background. The word "Spectrum" is followed by a blue right-pointing arrowhead.The Spectrum logo is displayed in blue text on a white background. The word "Spectrum" is followed by a blue right-pointing arrowhead.

Charter, under the Spectrum and Spectrum Business brands, delivers fiber-based technology solutions and entertainment, connecting more than 28 million residential and business customers in 41 states. Our commitment to serving customers and exceeding their expectations is the bedrock of our business strategy and it's the philosophy that guides our more than 98,000 employees. Charter supports law enforcement across the United States and we want to be there for you when you need us. Listed below are the ways you can contact us for your specific need.

EMERGENCY OR EXIGENT ASSISTANCE

The Law Enforcement Response Team (LERT) handles emergency law enforcement requests, like bomb threats, crisis situations, child endangerment cases and death threats, and works closely with our legal department to ensure the required information is processed accurately and in a timely manner.

Call the LERT 24/7/365 at **1-866-894-0103**, and select Option 4.

LAW ENFORCEMENT LIAISON AND OUTREACH

Corporate Physical Security (CPS) investigates physical security incidents, handles criminal matters and provides support to law enforcement. CPS personnel cover the 41 states in the Spectrum footprint with a regional structure comprised of security leaders, investigators and security specialists. A significant portion of the CPS team come from law enforcement backgrounds. CPS operates a 24/7/365 Security Operations Center that can help connect you by calling **1-833-CPS-PSOC** (833-277-7762) or emailing Security.Operations@charter.com.

SERVICE OF PROCESS BY LAW ENFORCEMENT

Charter Communications accepts service of subpoenas, warrants, court orders and other judicially authorized requests from law enforcement agencies. Service by online portal is preferred. The online portal for Law Enforcement or Government in the Legal Response Operations Center (LERO) will allow the request to be submitted quickly and securely resulting in faster and more accurate results: <https://clrp.spectrum.com>.

Service by facsimile is also available. **Fax: 314-909-0609**.

Detailed instructions and support information are available on our website: www.spectrum.com/policies/lea. For general information or questions regarding legal process please contact the LERO at leroc@charter.com or **314-394-9702**.

COLLABORATIVE RESPONSE GRAPHICS®

AMERICA'S COMMON OPERATING PICTURE™

BORN FROM SPECIAL OPERATIONS

DEVELOPED BY THE U.S. SPECIAL OPERATIONS COMMUNITY OVERSEAS IN ORDER TO COORDINATE OPERATIONS IN UNFAMILIAR TERRAIN AND COMMUNICATE DURING HIGH STRESS MISSIONS ACROSS DISCIPLINES, SERVICES, AND NATIONALITIES.

VALIDATED AT THE HIGHEST LEVEL

USED DURING THE RAID ON OSAMA BIN LADEN TO ALLOW ALL MISSION PARTICIPANTS, FROM THE COMMANDER IN CHIEF IN DC TO THE SPECIAL OPERATOR IN PAKISTAN, TO COMMUNICATE FROM A COMMON OPERATIONAL PICTURE.

LESSONS RETURN HOME

THROUGH A UNIQUE RELATIONSHIP BETWEEN PUBLIC SAFETY EXPERTS AND SPECIAL OPERATIONS VETERANS, THE LESSONS LEARNED ABROAD HAVE TRANSITIONED HOME. FIRST RESPONDERS CAN NOW PLAN AND COMMUNICATE ON A COMMON GRAPHIC DURING A DOMESTIC CRISIS RESPONSE.
